

The State Board of Education may grant a waiver of any rule not required by state or federal law to any charter school upon written request. The Board will not grant waivers of any rule required by state or federal law. State and federal law includes case law (including consent decrees), statutes, constitutions, and federal regulations.

The Idaho Arts Charter School (IACS) will seek waivers from the State Board of Education when extenuating circumstances preclude compliance with any rule governing Administration, Uniformity or Thoroughness. The Administrator or designee will prepare and submit any waiver requests to the IACS Board of Directors (the Board). The Board will review waiver requests on a case-by-case basis, and, if approved, will submit the waiver request to the State Board of Education.
